### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kirk Hartung on January 23, 2006.

The application has been amended as follows:

Claim 13 of the claims submitted in the reply dated 1/05/06 has been amended to placed the deleted language back into the claim as shown below.

--Claim 13. A method for using a putting aid to determined the slope of the green surface between a first point and a second point on the surface of the green, the putting aid comprising an elongated body having a longitudinal axis and a first end and a second end, a level mounted to the elongated body for determining when the longitudinal axis of the elongated body is horizontal, the level having a bubble therein and a center indicia indicating a level orientation of the elongated member when the bubble is centered with respect to the center indicia, and a plurality of calibrations on the elongated body, the plurality of calibrations being spaced apart from one another a plurality of predetermined distances corresponding to the distance from a hole when two of the calibrations are lined up with the opposite margins of the hole, the method comprising:

positioning the elongated body between the eye of the user and the first and second points whereby the first point is left of the second point;

aligning one edge of the elongated body with both the first point and the second point;

determining the slope of the green from the first point to the second point by observing if the bubble is left of the center indicia, centered with respect to the center indicia or right of the center ed indicia. –
